Oracle Database 12c Release 1 Installer - Step 2 of 9

## Select Installation Option

Select any of the following install options.

☒ Create and configure a database

☐ Install database software only

☐ Upgrade an existing database

Oracle Database 12c Release 1 Installer - Step 3 of 9

## System Class

**ORACLE<sup>®</sup> 12<sup>c</sup> DATABASE**

- [Configure Security Updates](#)
- [Installation Option](#)
- [System Class](#)**
- [Oracle Home User Selection](#)
- Typical Installation
- Prerequisite Checks
- Summary
- Install Product
- Finish

☒ **Desktop class**  
 Choose this option if you are installing on a laptop or desktop class system. This option includes a starter database and allows minimal configuration.

☐ **Server class**  
 Choose this option if you are installing on a server class system, which Oracle defines as a system used in a production data center. This option allows for more advanced configuration options.

Oracle Database 12c Release 1 Installer - Step 4 of 9

## Specify Oracle Home User

**ORACLE<sup>®</sup> 12<sup>c</sup> DATABASE**

- [Configure Security Updates](#)
- [Installation Option](#)
- [System Class](#)
- [Oracle Home User Selection](#)**
- [Typical Installation](#)
- Prerequisite Checks
- Summary
- Install Product
- Finish

Oracle recommends that you specify a standard Windows User Account (not an Administrator account) to install and configure the Oracle Home for enhanced security. This account is used for running the Windows Services for the Oracle Home. Do not log in using this account to perform administrative tasks.

☐ **Use Existing Windows User**  
 User Name:   
 Password:

☐ **Create New Windows User**  
 User Name:   
 Password:   
 Confirm Password:   
 The newly created user is denied Windows logon privileges.

☒ **Use Windows Built-in Account**
